IEMA ISO 50001:2018 Internal Energy Management System Auditor

EE020

IEMA ISO 50001:2018 Internal Energy Management System Auditor

This course, which is the first IEMA-approved ISO 50001 internal energy management system auditor training course worldwide, is designed to give participants the knowledge and confidence to carry out internal energy management system audits within their own organisation.

Auditing the system and identifying non-conformances and improvement opportunities is essential in ensuring effectiveness.

This two-day training course is designed for auditors who wish to gain an understanding of ISO 50001 and to develop the skills necessary to become Internal Energy Management System Auditors.

Duration & Price

Duration: 2 days
Public Virtual Training: £435
Delivery mode: This programme is available In-Company, and via Public Virtual Training

Date	Venue	
15 - 16 Jul 2025	Virtual	Book Date
01 - 02 Oct 2025	Virtual	Book Date

In-Company Training

Please contact us for more information on our In-Company training options

What's covered?

Day One

- Introduction to the course and course objectives
- Difference between ISO 50001, ISO 14001 & ISO 9001
- Detailed analysis of ISO 50001 Energy Management standard clauses.
- Exercises will be carried out and sample documentation from different aspects of the standard will be reviewed as the ISO 50001 standard is analysed.

Day Two

- Auditing Skills
- The Audit Team
- The Auditing Tool Kit
- The Case Study
- Audit Execution
- Interviewing Techniques
- Gathering Audit Evidence
- Evaluating Audit Results
- Reporting the Audit
- Post Audit Activities
- Preparation for conducting the audit
- Practical exercise involving the audit of a number of energy management procedures and a review of the audit findings
- The ISO 50001 Auditor Checklist
- Use of Energy Management Audit Questionnaires

If you happen to have access to a copy of ISO 50001, please bring a copy of the standard with you. If you don't have access, a copy will be provided for you and will be collected at the end of the course.

Who should participate?

- Company personnel responsible for managing ISO 50001
- Personnel responsible for managing the internal audit function
- Personnel responsible for carrying out internal energy management system audits in accordance with ISO 50001

For applicants whose first language is not English, SQT recommends a minimum English language competency of IELTS 5.5 (or equivalent) for successful completion of this programme. It is important to note that learners are not expected to have an IELTS or equivalent examination complete. Potential delegates are expected to self-assess their English language competency against the IELTS Band scores which can be found in this document.

What will I learn?

Participants achieve the following learning outcomes from the programme:

- Understand the requirements of ISO 50001
- Conduct an internal energy management system audit

How will I be assessed?

Learners are assessed throughout the course by continuous assessment. It is essential that learners take an active part in all course activities during the course in order that the tutor can make a full assessment of the student's performance. Please note that it is essential for learners to be in attendance for the full course.

A certificate of attendance is issued to all learners who attend the full course. A certificate of competence is awarded to participants who satisfactorily complete the course continuous assessment. This will be issued 8 weeks after course completion.

In addition, IEMA have a Skills Map that incorporates wider aspects of sustainability and governance and forms the basis for their updated membership levels and courses. Please click here to view the new Skills Map.

Programme accreditation

IEMA is an independent, non-profit making organisation, dedicated to raising standards of professional competence in the environmental auditing and environmental management systems auditing fields and is the largest body of environmental auditors world-wide.

Further information relating to IEMA is available here.
